WHY APPLY TO THE TAIWAN INTENSIVE SUMMER LANGUAGE PROGRAM?

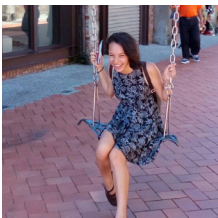

“ A year’s worth of material is a lot to learn in two months, but the courses were structured so that it was definitely possible.”
- Kathryn Van Etten (2017)

“ [From our conversation partners] we were able to understand how it is for a student our age to live in Taiwan. It is a window to what we truly want from an immersion program and that is to be as close to the culture as possible.”
- Mishel Kondi (2016)

“ I fell in love with Taiwan. Honestly, I am still unsure about plans regarding the rest of my life, but I know Taiwan will be a part of it.”
- Regina Wu (2016)

“ All of the teachers were very effective in helping my Chinese because even ones I had never met before knew my name and would ask me questions to help practice!”
- Ellie Yeo (2017)

“ I felt so safe and important throughout the program and the people really made the whole experience memorable for me.”
- Annie Seaman (2016)

“ Even in the first few weeks I could not believe how quickly I was picking up new information - vocabulary, grammar, cultural, and otherwise.”
- Greg Laslo (2018)
